

INNOVATION AND CREATIVITY IN TEACHING

Overview

This course has been designed for teachers who are looking for ways to assess their present teaching styles and find new ways of developing innovative and creative techniques to motivate and engage their students in whatever subject they are being taught.

Through a combination of seminars, workshops and collaborative learning participants will be encouraged to reflect on, evaluate and develop their own methodologies and techniques as well as exploring different educational practices.

Learning Outcomes

- Exploration of creative and innovative ways of delivering a skills lesson
- Investigating ways in which project work and technology can be used to supplement a syllabus and motivate students
- Learn about the importance of lesson planning and scaffolding in creating dynamic content-led lessons
- Reflect on, and develop, your existing teaching methodologies and teaching style
- Investigation into educational teaching methods used in the UK

Audience

Teachers, across all subjects, age and ability range

Course Duration

One week programme – full time

Two week programme – morning classes only

Requirements

Minimum class size = 4

Maximum class size = 12

Certificate on completion of course

Yes

THIS COURSE IS ELIGIBLE FOR ERASMUS+ FUNDING
