POLAND

WHY TELLUS Kraków?

Tellus Poland is part of Tellus College and has been successfully delivering vocational training projects in Kraków since 2012.

Kraków is the culture capital of Poland and its 7 universities and nearly 20 other institutions of higher learning make it Poland's principal centre of science and education.

Kraków attracts 10 mln tourists per year, resulting in excellent work placement opportunities in tourism, event management, hospitality and gastronomy. The city has a vibrant IT start-up scene and is home to many prominent NGOs, resulting in significant work placement opportunities in IT, administration, education, social care and disabled care.

Students of technical trades can benefit from Technical Based Learning courses delivered by expert teachers in modern training facilities including workshops for Vehicle Mechanics, Mechatronics, Renewable Energies, CNC Precision Engineering, Metalworking, Smart Control Systems and Industry Automation.

The abundance of cultural events, museums, art galleries, historic sites and monuments gives all our students plenty of opportunities to explore and learn. We encourage the process through weekly social and cultural activities, which are part of every training programme.

ACCOMMODATION

All accommodation in Kraków is available as full board, half board or self-catering. Meals are served in restaurants, student cafeterias and cafés.

HOTEL RESIDENCE

A hotel residence popular among school groups visiting Kraków. 24 hr reception and security. Very good access to public transport. 20 mins by tram or bus from the historic city centre. All rooms are en suite. Restaurant facilities (for breakfast and dinner) are located in the same building. Single, twin and triple rooms available.
